PROFILE

I'm Asilbek Eshtemirov, a mobile application developer from Uzbekistan, professionally known as Asilbek Software. My primary specialization is Flutter and Dart, focused on building modern, functional, and user-friendly mobile applications. I also have knowledge of HTML, CSS, JavaScript, and TypeScript, along with a basic understanding of backend development. I have experience with APK modification and patching, application analysis, and API request analysis.

TECHNICAL SKILLS

Mobile Development	Flutter, Dart, Android, iOS
Android Development	Kotlin, Java
Frontend	HTML, CSS, JavaScript, TypeScript
Backend	Basic backend development knowledge
